

SCHOOL FACILITY:

COMPUTER EDUCATION:

Realizing the need and importance of computer education in modern time, sophisticated computer lab equipped with 10 computers with Wi-Fi connectivity, LCD Computers, Laptops, Projector and Printer etc. has been established to provide training to all the students from classes 3rd onward under the guidance of experienced and qualified teachers.

SCIENCE LABORTORIES:-

In order to develop scientific temperament/aptitude among the students through experimental activities, well equipped labs for Science (Physics, Chemistry & Biology) and Computer have been maintained.

LIBRARY:

To inculcate a sense of competition, self study, silent reading habits, better performance & to update the student's knowledge the school has established an advanced library enriched with latest reference books, religious literature, magazines, periodicals and Encyclopedia for Science and other subjects. Our library is equipped with more than 1000 books.

AUDITORIUM:

The school has added a modern multipurpose hall/auditorium to its infrastructure. It is fully equipped with latest electronic gadgets like multimedia projector for showing educational films and documentaries to the students to supplement their classrooms learning, modern and latest focus lights and in built sound systems. This auditorium is an asset of the school for conduction of co-curricular activities and other cultural extravanza which are part and parcel of school curriculum. It shall also be useful for conduction of indoor games and examination in the school.

ACTIVITY ROOM:

There has an activity room with latest teaching aids and toys in the school where small kids perform activities and learn by play way method.
